

## Various screenshot and attached PDF proof of Thomas Connolly

Look at the "Free for 360 days", now even if I was 16 as she says (she fucking knows im 13), that means she verified it and it's ✨illegal✨

She also sent me messages with extra private and heinous videos.

I also had an ex-colleague of mine listen into their PBX calls, and they were fucking disgusting, talking about how they like me, how I was the prettiest on the staff team, etc.

P.S: Cropped screenshots and leaked dick pics wont work in Court, Thomas.

There is also various other proof, such as her making an employee uncomfortable when they dated me, because he wants to date me. Please listen to the following.

Him admitting is at 1m:31s onwards

He felt like he had to side with Amelia to “avoid drama” but really he was dodging punishment cause he knows what AC is like.

06:34 He says Amelia was pressuring him. Which she was.

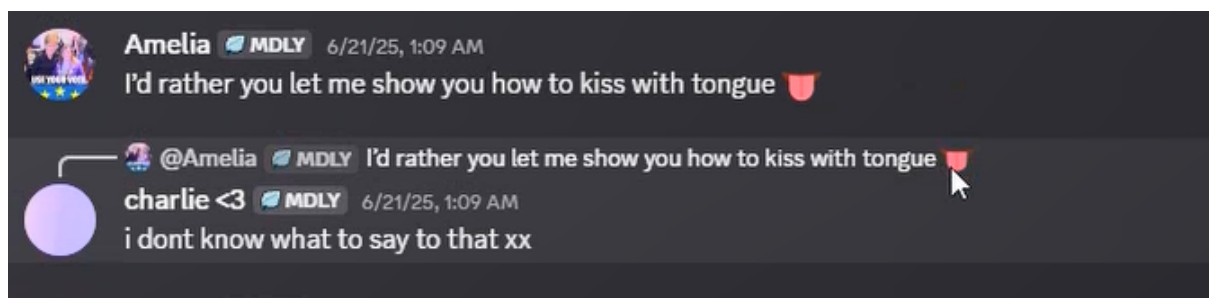

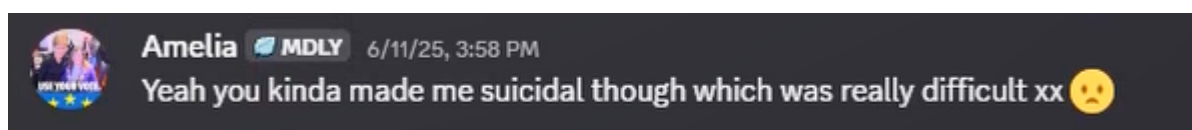

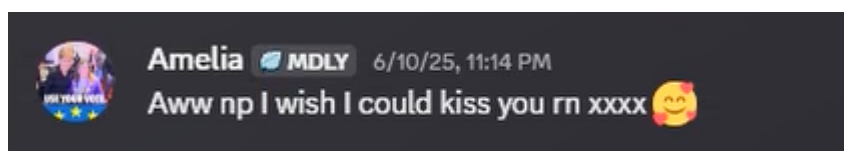

08:15 he said he said that cause “amelia y’know”

13:15 he says that it’s a recorded line.

Thomas also paid for a train ticket for me to “runaway with him”, the train ticket is here.
